The Yucaipa City Council and City Manager Chris Mann have mutually agreed to a transition in leadership, with his tenure concluding on March 31, 2025. This decision comes as the City Council looks ahead to the next phase of its priorities and direction for the City.

Over the past two years, Chris Mann has worked alongside the City Council to implement key initiatives, including improving revenues, bolstering public safety, reducing homelessness, repairing road infrastructure, increasing transparency, and fostering economic development. As acknowledged in his recent performance evaluation, Chris Mann has successfully achieved every goal the City Council established for him and for the organization.

At this time, both the City Council and Chris Mann agree that a leadership transition is in the best interest of the City's future. As part of this transition, the City and Chris Mann have signed a negotiated separation agreement.

The City Council expresses its appreciation for Chris Mann's service and wishes him well in his future endeavors. While his role as City Manager will conclude at the end of this month, Chris and his family will continue to be valued members of the Yucaipa community.

The City Council remains committed to ensuring a smooth transition and will begin the process of recruiting a new City Manager to continue the important work of serving Yucaipa residents.
